SUMMARY

Software Developer & B.Tech 2nd Year CSE (AI) student. Passionate about building real-world applications using full-stack technologies and AI-based solutions. Eager to contribute to impactful projects while continuously expanding skills in software development and artificial intelligence.

EXPERIENCE

AI-ML Virtual Intern – EduSkills (AICTE | Google for Developers) Oct – Dec 2025

- Completed a 10-week virtual internship supported by Google for Developers and AICTE, Ministry of Education
- Gained hands-on exposure to machine learning concepts, model building, and AI-based problem solving
- Explored supervised and unsupervised learning algorithms with practical implementation in Python
- Achieved Grade O (Outstanding) reflecting strong performance throughout the program

SKILLS

Languages Python, C, JavaScript
Frameworks Node.js, Express.js, React.js
Technologies HTML, CSS, Tailwind CSS, SQL, MongoDB
Core CS Data Structures & Algorithms, OOP, DBMS Basics, REST APIs

PROJECTS

Personal Portfolio Website [Demo](#)

- Built a fully responsive personal portfolio to showcase skills, projects, and achievements
- Designed an intuitive UI with smooth navigation and interactive sections using modern JavaScript

Customer Relationship Management (CRM) System [Demo](#)

- Developed a full-stack CRM application to manage customer data and streamline business workflows
- Implemented contact management, activity logging, and dashboard analytics using React and Node.js

Code Conversion AI [Demo](#)

- Built an AI-powered tool to convert code between programming languages using LLM APIs
- Added flowchart generation and data structure visualization features for better code understanding

EDUCATION

2024 – 2028 B.Tech CSE (AI), **Vignan's Institute of Information Technology** CGPA: 8.8

ACHIEVEMENTS & ACTIVITIES

- Participated in Cursors 2026, a national-level 24-hour vibe coding hackathon, building and shipping projects under competitive time constraints
- Rated 1571 on CodeChef with 2 Star Coder status; participated in 53 contests reflecting consistent competitive programming performance
- Participated in SuperSus Hackathon 4.0 at VIIT, collaborating on innovative tech solutions

CERTIFICATIONS & WORKSHOPS

EduSkills – AI-ML Virtual Internship (AICTE | Google for Developers), Oct–Dec 2025

HTML, CSS

JavaScript Essentials – Cisco Networking Academy, Sep 2025

C Essentials 1 – Cisco Networking Academy

Samyukta 2025 – Two-Day Technical Workshop: AI by Google & Cloud Computing by AWS
